

Hiring Supervisor: Aron Bowman

Position Status: Salaried (Market Competitive Pay Based on Experience plus Bonus)

Location: Lewisville, TX

Job Classification: Manufacturing Supervisor

Relocation Benefits: No Relocation Benefits Provided

Job Description:

ELM FieldSight provides unique solutions in Asset Monitoring and Control to their customers. Their suite of products includes:

- Microgrid Site Controllers for energy systems that include generators, inverters, solar arrays, and batteries
- Battery Energy Storage Systems

ELM FieldSight is looking to hire a first shift manufacturing supervisor to perform and oversee assembly, quality assurance, and factory testing of our Battery Energy Storage systems and Microgrid Site Controllers. This applicant would be responsible for mechanical assembly of enclosures, electrical wiring of the system, factory testing, and maintaining good documentation for quality assurance. The electrical wiring will include both AC and DC wiring with wire sizes ranging from 22 awg to 500 MCM. Enclosures can range from 16" x 16" wall mount enclosures to free standing 15' x 6' x 9'. This position will use a computer and Microsoft office products for developing and reading assembly instructions. A range of applicants will be considered for this position with starting pay rate based on level of previous experience with fork truck operation, general electrical wiring practices, previous production, or technician experience. This position will also have management responsibility for 5-10 assembly technician and the overall manufacturing facility.

Qualifications:

- High School Diploma required, Associates or higher in Manufacturing or equivalent degree preferred.
- 3-5 years minimum of relevant experience
- Preferred previous experiences include
 - Experience managing employees
 - Experience cutting and terminating large conductors
 - Fork Truck Operation
 - OSHA safety experience a plus
 - ISO or other quality program experience a plus
- Must have effective oral and written communication skills and work well with people
- Must be a self-motivator to create and coordinate their own tasks and goals.

Application Procedure:
