**Hiring Supervisor:** Michael Higgins

**Position Status:** Salaried

**Location:** The Colony, TX

**Job Classification:** UI/UX Developer

**Relocation Benefits:** No Relocation Benefits Provided

**Job Description:**

ELM FieldSight provides unique solutions in Asset Monitoring and Control to their customers. Their suite of products includes:

- Microgrid controllers for energy systems that include generators, inverters, solar arrays, and batteries
- Battery Energy Storage Systems for home, commercial, and utility scale
- Web and Mobile Apps allowing user to view and interact with collected data

For these different product lines, they are responsible for developing web and mobile app UI/UX based on design and additional input.

ELM FieldSight is looking to hire an experienced UI/UX Developer that develops and implements custom UI/UX, from a designer, for viewing/interacting with customer data from our back-end web monitoring and database.

This applicant will:

- Create and maintain digital assets, such as interface design files, wireframes and interactive mockups using Figma, Adobe XD, etc.
- Create prototypes and improve them with new data
- Design, build, and maintain highly reusable code
- Rely on limited experience and judgment to plan and accomplish goals
- Be able to work in a team of developers, manage timelines, and work to deadlines
- Experience with mobile app development is a plus

First Tier Experience Considerations:

- Bachelors Degree in Computer Science, Information Systems, or related. Code school program completion also accepted.
- JavaScript/HTML/CSS/jQuery
- Knowledge of Flash, Photoshop, Adobe Illustrator, and others
- Figma, Adobe XD or similar
- ReactJS (or similar enterprise-level JS framework)
- Bootstrap
- IDE (VS Code, Visual Studio, or similar)
- Modular design, reusable components
- Mobile-first and Mobile-friendly techniques and design
- Git (or similar version control system)

## Second Tier Experience Considerations:

- Typescript
- C#
- ASP.Net WebAPI
- OAuth2
- Azure Cloud
- SQL Server
- CI/CD Devops pipelines

### **Application Procedure:**

Please apply by emailing your resume or application Mishael Higgins at [mhiggins@elmlc.com](mailto:mhiggins@elmlc.com)
