**Ziegler Energy Solutions Joins ELM MicroGrid Dealer Network to Deliver Scalable and Sustainable Energy Systems**

*Partnership enhances access to resilient and efficient energy sources throughout the Midwest*

**BLOOMINGTON, Minnesota (August 21, 2024)** – [Ziegler Energy Solutions](#) (ZES), an independent business focused on complex energy generation and electrification, is joining the growing [ELM MicroGrid](#) dealer network to offer ELM's cutting-edge microgrid solutions and intelligent energy management platform to its customers. The partnership brings together ELM's reliable and scalable microgrid solutions and the quality and service standards of Ziegler Energy Solutions to develop and customize comprehensive energy technologies to support the sustainability goals of Ziegler Energy Solutions's customers.

"ELM MicroGrid is an ideal partner for Ziegler Energy Solutions and we are pleased to join its dealer network," said Troy Monson, General Manager of Ziegler Energy Solutions. "Drawing on our long history of power generation, this partnership allows us to offer innovative microgrid solutions essential to the future of energy management, and to better meet the evolving needs of our customers across utility, commercial, and industrial segments."

Ziegler Energy Solutions is leading the charge of the energy transition through solar, battery energy storage, microgrid technology and electric vehicle charging infrastructure. By joining forces with ELM MicroGrid, Ziegler will significantly optimize access to reliable battery storage systems and broaden the reach of clean energy solutions and its microgrid technology offering. What's more, ELM's state-of-the-art energy management platform monitors, alerts and controls through a single portal accessible on mobile devices or desktops to seamlessly manage and implement real-time decisions.

"We are thrilled that Ziegler Energy Solutions has joined our trusted Dealer Network," said Aron Bowman, President of ELM MicroGrid. "This partnership represents a significant step forward in our mission to deliver innovative and sustainable energy solutions. Ziegler Energy Solutions brings a wealth of expertise and a commitment to excellence that aligns perfectly with our values. Together, we can deliver even more comprehensive and reliable microgrid solutions to our clients, enhancing both energy efficiency and resilience."

Through the partnership, ELM MicroGrid and Ziegler Energy Solutions are committed to providing resilient and efficient energy solutions, leveraging the combined strengths of ELM's innovative technologies and Ziegler's full scale development abilities, and dedication to quality and service.

### **About Ziegler Energy Solutions**

Ziegler Companies, a 110-year-old leader in the Agriculture and Construction equipment industry, proudly announces the launch of its latest venture, Ziegler Energy Solutions. This new addition to the Ziegler family of businesses underscores the company's commitment to maximizing customers' uptime and supporting the communities they serve. Ziegler Energy Solutions brings extensive knowledge and unparalleled expertise to the distributed generation and electrification space, further enhancing Ziegler's legacy of excellence in sales, service, and parts. As the company continues to expand its offerings, Ziegler remains dedicated to the simple, yet lasting corporate philosophy "Sell the best equipment, provide the best service." ### **About ELM Companies**

Started in 1998, ELM Companies develops innovative and sophisticated solutions for energy and utility services that assure your compliance with regulations, improve your grid reliability, and streamline distribution. They have continuously built innovative technology solutions through direct utilities experience and understanding with:

**ELM Utility Services:** 1400+ fleet servicing over 3,000,000 tickets per year across the U.S. utility industry.

**ELM MicroGrid:** Battery energy storage systems implemented for utility companies, the U.S. Military, and large enterprises.

**ELM LaunchPoint:** Precise, cloud-based utility mapping that provides instant access to your infrastructure data.

**ELM Solar:** North American manufacturer and distributor for Naked Energy solar thermal solutions.
